Ballard Locks Cruise

Monday--Friday September 18--22

Cruise Snap Shot:

September 18th: Shilshole Bay Marina

Shilshole Bay Marina is located in Seattle's Ballard neighborhood, home to many restaurants, retailers, events, parks, and more. We'll either enjoy a barbeque hosted by our cruise captains, or we can go as a group to enjoy one of the nearby restaurants in Ballard. We'll let the cruisers decide once we have sign ups. Guest moorage rates are \$1.25/ft.

September 19th: Fisherman's Terminal

Fishermen's Terminal in Ballard Interbay is home for hundreds of working fishing boats that spend months on the open sea off the coast of Alaska. It is also a convenient stopping place for pleasure boats that have successfully navigated the locks through to Lake Union and Lake Washington. We'll share hors d'oeuvres together on one of our boats and then enjoy dinner at Highliner Public House that has recently re-opened, or Chinook's at Salmon Bay. Guest moorage rates are \$1.00/ft.

September 20th: Seattle Yacht Club

Founded in 1892, SYC is one of the country's most active and long-established yacht clubs. We'll dine together in The Marine Room that offers great drinks and casual dining in a comfortable setting overlooking Portage Bay. The outdoor deck is popular in the summer months. Seattle Yacht Club is close to the University of Washington as well as University Village Shopping Center is just an Uber ride away.

September 21st: Kingston Marina

Kingston Marina was established by the state legislature in 1919 as one of the original Mosquito Fleet landing sites. The port is located on Apple Tree Cove where the Carpenter Creek Estuary flows into Puget Sound. Our very own Jim Pivarnik is the Executive Director at the Port of Kingston. We will plan a cookout. We'll provide the main dish... cruise participants bring your own beverage and a side dish. Guest moorage is \$1.00/ft.

A Must-Do Experience!
